Our Vision & Mission Statement

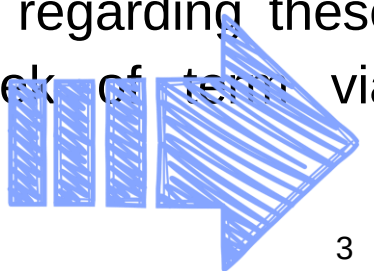

- To deliver high-quality and leading-edge education.
- Developing successful, confident and independent students.
- Preparing students for the future and the next steps in their education.
- Equipping students with the required skills to confidently step into university or employment.
- Building lasting relationships with our students and helping them reach their full potential.

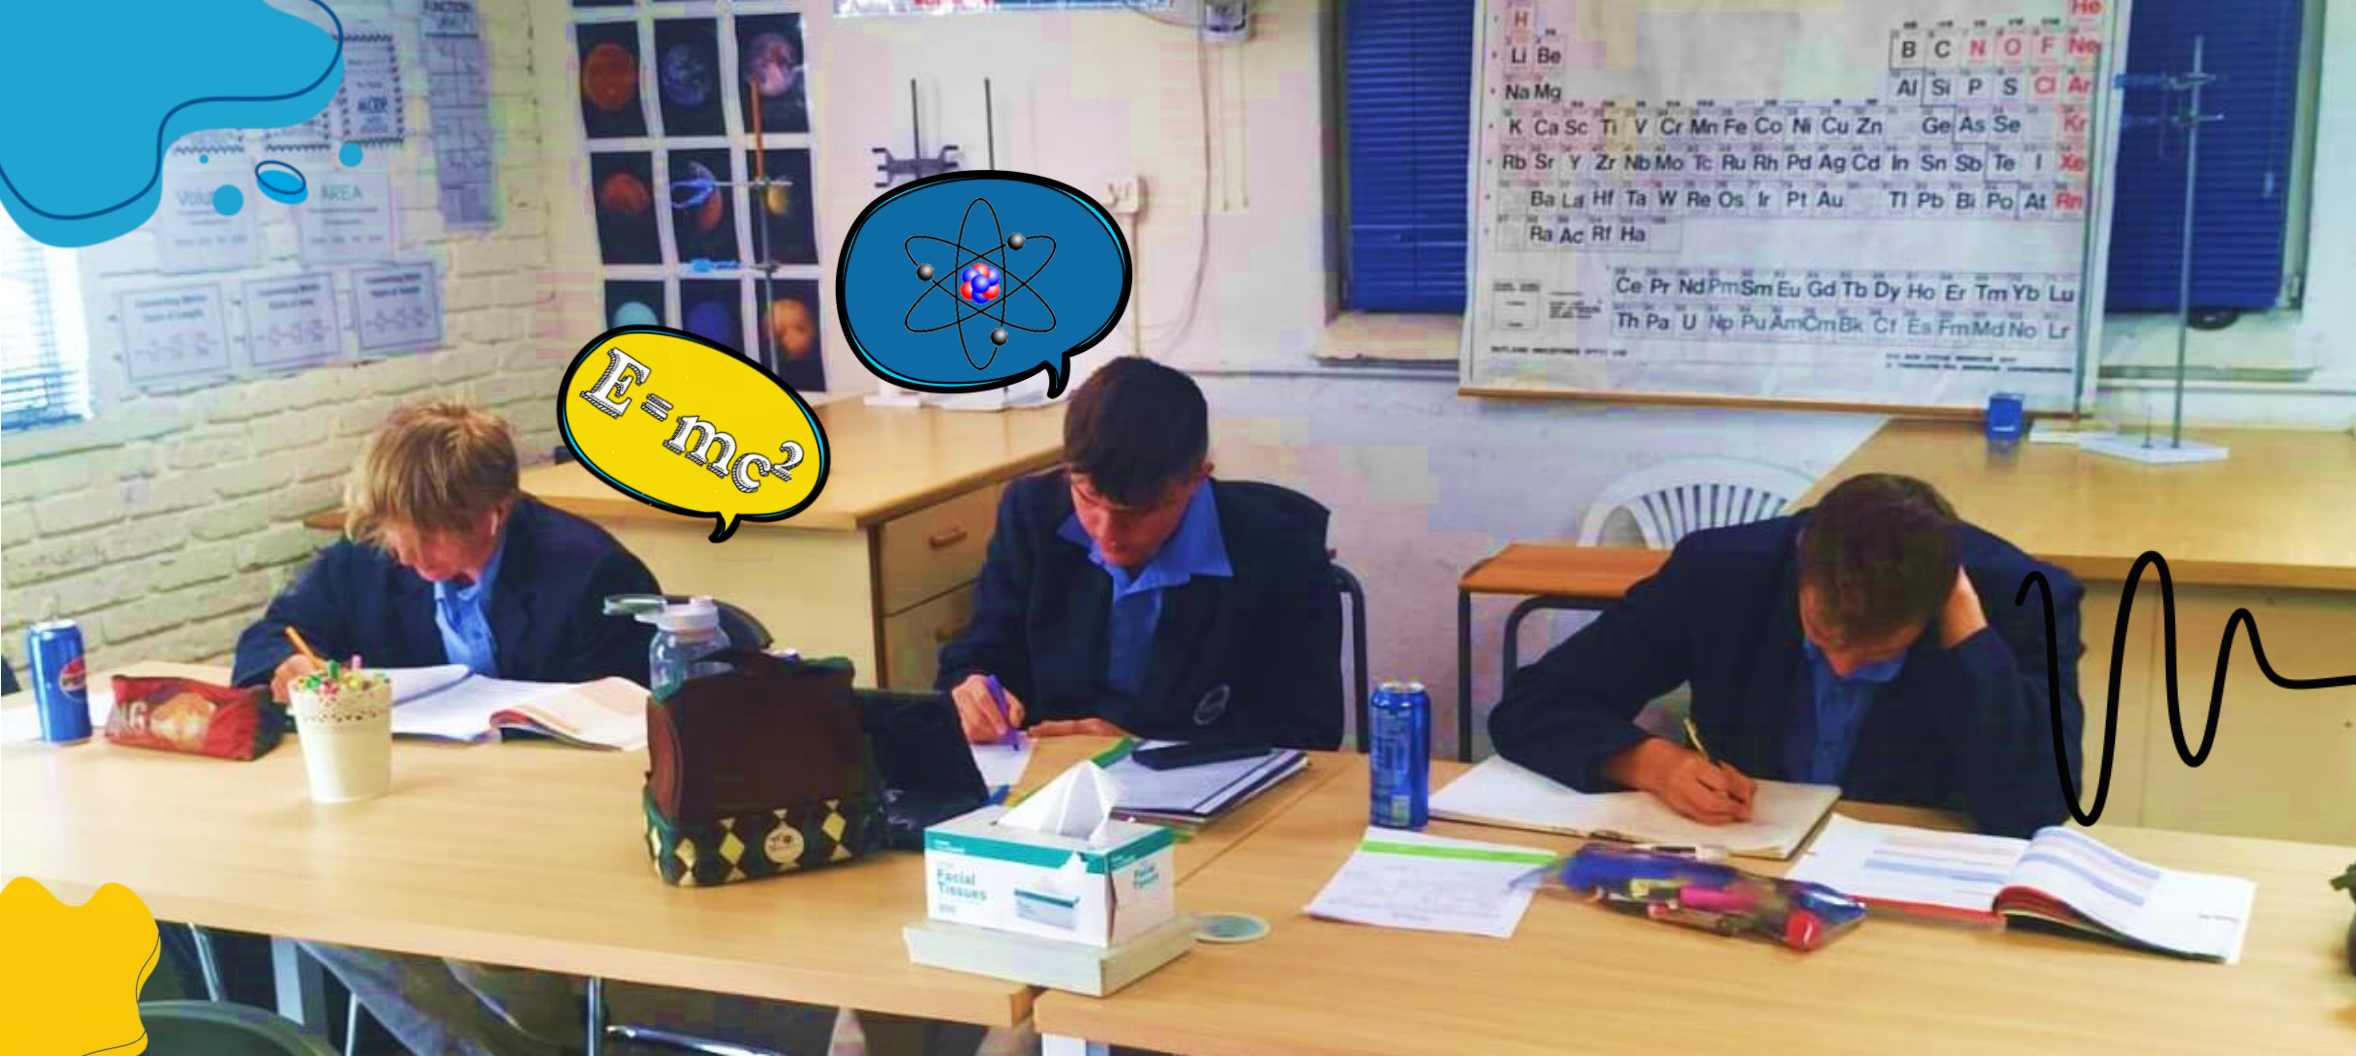

Why choose Excelsior Academic College

We are actively involved with each and every student that comes through our school and college. Daily communication helps us stay on top of each students' process. If you are looking for a college that will be there for you throughout your studies and assisting and supporting you with all your needs for your chosen course, Excelsior Academic College is definitely the place for you.

After-School extra murals

There are several extra mural activities and extra lessons that are offered after school every afternoon. Information regarding these activities is communicated in the second week of term via newsletter.

Why choose Cambridge education

Cambridge is the largest exam board in the world and has been offering international examinations for over 150 years. Cambridge International is committed to providing the students with the skills and knowledge to navigate the 21st century world with passion and curiosity. The Cambridge international curriculum sets a global standard for education and is recognised by universities and employers worldwide.

What is an international curriculum?

- Over 10,000 schools in over 160 countries follow the Cambridge international curriculum.
- The curriculum is international in philosophy and approach but can be tailored to local contexts.
- Cambridge students' study for Cambridge international qualifications which are accepted and recognised around the world.
- Schools can also combine the Cambridge International curriculum with national curricula.
- Cambridge students moving between Cambridge schools can continue their studies following the same curriculum.

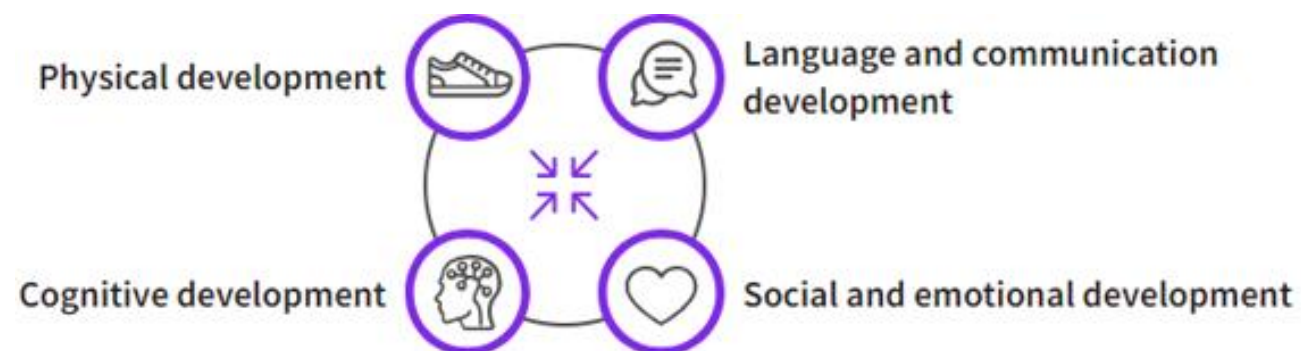

The following areas are covered in the curriculum:

- Literacy – English, Afrikaans and isiZulu
- Mathematics
- Science
- Arts
- Gross and fine motor skills
- Communication and language
- Physical development
- Personal, social and emotional development

Pre-Primary Academic Information

Starting school is a special time for children and parents alike. We want children to have fun and enjoy success in all aspects of their education. We encourage parents to play an active part in the children's education.

1. It helps children develop the knowledge, understanding and skills they need for the next stage in their education.
2. It is a child-centred, play-based programme that helps learners to develop at their own pace. It encourages learners to act independently, make their own choices and discover feelings of self-worth.
3. A holistic, balanced and engaging curriculum that focuses on the whole child.
4. Built on four key areas of early childhood development:

Primary Academic Information

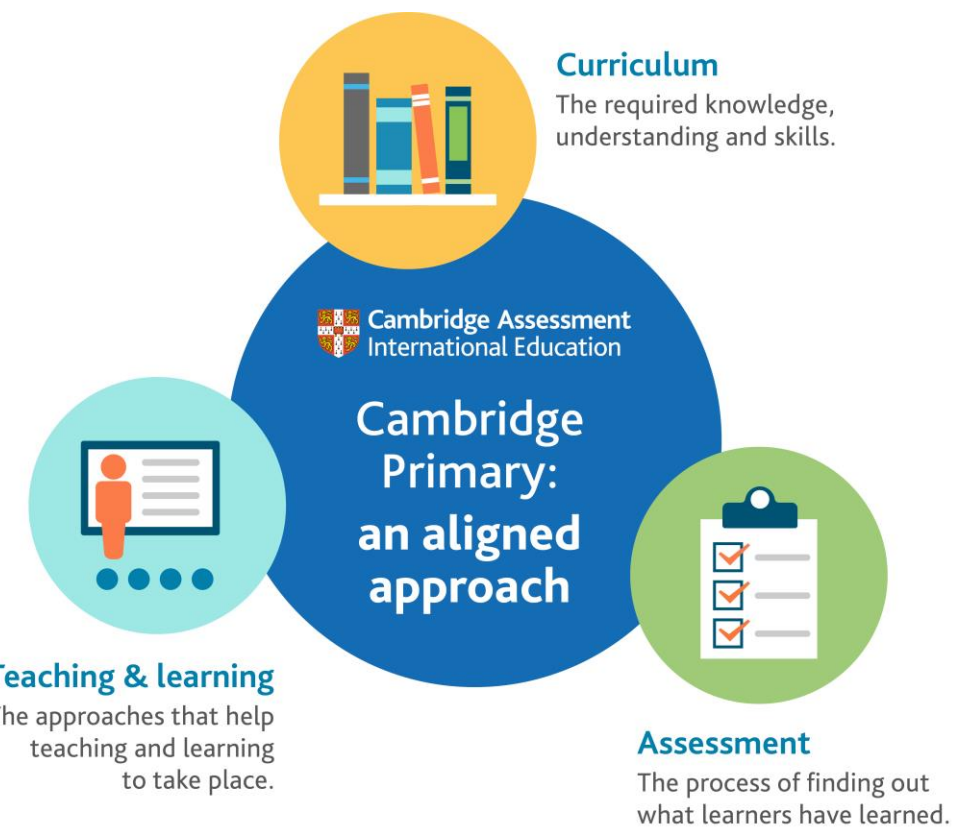

Cambridge Primary provides a broad and balanced education for learners, helping them to thrive throughout their schooling and life. Our Primary learners are provided with a firm foundation of learning. Lessons are carefully structured to encourage curiosity, discovery, investigation, creative and imaginative responses. We encourage learners to become independent learners.

The curriculum is flexible and is offered alongside the South African national curriculum. Modern pedagogical approaches to teaching and learning are used in the classroom.

The following subjects are offered:

- English
- Afrikaans
- isiZulu
- Mathematics
- Science
- Global Perspectives
- Computers
- Geography
- History
- Art
- Physical Education

IGCSE and AS Academic Information

IGCSE Academic information

In grade 9 and 10, students complete the international General Certificate in Secondary Education (IGCSE). This is a stand-alone qualification and the world's most popular international qualification for 14- to 16-year-olds. The IGCSE program is taken over two years. At the end of the 2 years, the students are able to write their IGCSE subjects. This is the world's most popular international qualification for 14- to 16-year-olds. It is truly an international curriculum that is

Responsible for themselves, responsive to and respectful of others

Reflective as learners, developing their ability to learn

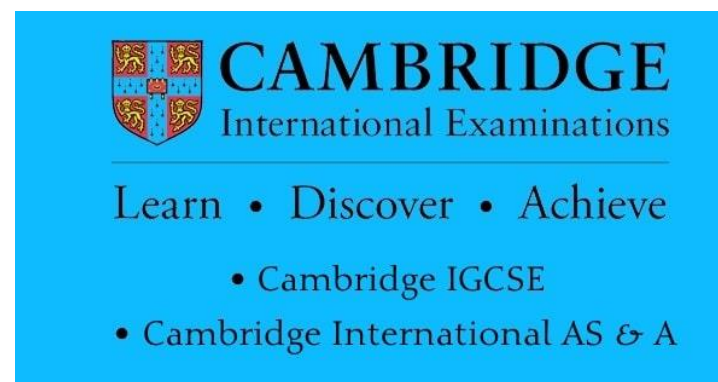

Innovative and equipped for new and future challenges

Engaged intellectually and socially ready to make a difference.

AS level Academic Information

This curriculum prepares learners for university study, universities worldwide value and recognise Cambridge International AS qualifications. AS level is a two (2) year program offered to 16 – 18-year-olds. There are a selection of subjects to choose from. The syllabi develop a deep understanding of subjects and independent thinking skills. Six AS subjects are recommended over 2 years for students who wish to pursue studies in South Africa, Canada and USA. A level is year 13 and is offered as a post-matric course. Three A Level subjects are

Cambridge international AS and A level develop learners' knowledge, understanding and skills in:

- In-depth subject content
- Independent thinking
- Applying knowledge and understanding to new as well as familiar situations
- Handling and evaluating different types of information sources.
- Thinking logically and presenting ordered and coherent arguments
- Making judgements, recommendations and decisions
- Presenting reasoned explanations, understanding implications and communicating them logically and clearly
- Working and communicating in English

Subjects offered for AS- and A-levels:

- English
- Afrikaans
- Mathematics
- Physics
- Chemistry
- Biology
- Information Computer Technology
- Geography
- History
- Business Studies
- Accounting
